Submitting a presentation abstract for Capability Challenge 2018 – Platform Tips & FAQ

- **Do I have to login?**
  Yes. Cvent will build a profile based on the log in credentials. Please use your work email and professional name.

- **I registered with Cvent to submit as a speaker for Capability Counts already. Why doesn't my login work?**
  The challenge is a separate review process so you will need to register for this piece separately as well. You are able and encouraged to use the same work email and password as you did to submit previously.

- **Can I submit more than one abstract?**
  For the Challenge we ask that each person submit their best story and not submit multiple abstracts. Please select the story you feel has the strongest results,

- **Can you reset my password?**
  No, unfortunately we cannot. Follow the prompts at log in to reset your password.

- **How can I update my email address due to a job change or other reason?**
  The email used to setup your log in and submit your abstract(s) is not editable. Please contact events@cmmiinstitute.com to discuss the situation.

- **How do I find my abstract to make an edit?**
  You will have access to your submission to make edits if required up until the deadline of 31 October 2017. The Institute requires you to make all edits in the platform for them to be considered before the review process. To locate your presentation submission(s) and make edits, return to the Call for Participation 'Home' page, log in to your account, and if necessary select 'My Submissions' to navigate to your content.
