

Master Your Career with CMMI

INTRODUCING THE CMMI Registered Interpreter Role

The **CMMI Registered Interpreter** role is designed to **support non-Chinese speaking Lead Appraisers** delivering appraisals where the primary spoken language is Chinese. This role improves the CMMI appraisal process and can **help guide organizations in their performance improvement journey**. Professional Translators and Interpreters can now validate and differentiate their CMMI competency to help organizations drive business performance by building and benchmarking key capabilities.

QUALIFICATION PROCESS

01

Demonstrate Mastery of the English Language

If the Candidate majored in English:

- Pass the Test of English Major (TEM) Band 8

If the Candidate has not majored in English:

- Pass the College English Test (CET) Band 6

02

Pass one of the following professional qualifications

- China Accreditation Test for Translators and Interpreters (CATTI)
